Hi HUI LIN,

Welcome to the Online Makeup Academy!

We are excited to have you join us. Online Makeup Academy was created simply to give access to students from all over the world to have the opportunity to learn with our established Makeup Artist instructors here in New York City.

It will take approximately 3-5 business days for us to process and prepare your Online Makeup Academy Makeup Kit for shipment. Your tracking number will be provided to you when your Makeup Kit has shipped.

Our team here at the Online Makeup Academy wants to ensure your success through this program. However, we need your assistance when trying to achieve this goal. It is important that beginning in Module 3 you begin to upload your work replicating the technique learned in each module section.

We request that you follow these guidelines when submitting your work:

- Please be sure to take a photo of your submission with the printed upload form (included in the link below, as well as in your kit).
- If you wish to include multiple photos, you only need to include the printed upload form with the first photo.
- When submitting multiple photos we request for the main photo to include the printed upload form, and then each subsequent photo (closeups, etc) can be submitted in a collage format.

Please use the form below for your photo submissions:

It is also vital that you follow your modules accordingly. In makeup, our instructors believe in one thing, practice makes perfect! So every opportunity you get, practice, practice, practice. Our team is here to answer any questions you have for us throughout the program, so please don't hesitate to get in touch with us when needed.

We look forward to having you as one of our successful students!
